

I CHALLENGE YOU

By Mikayla Cadger

I challenge you to see me,
With open eyes and open mind
You may just view reflection,
Of common ground that we may find.

I challenge you to hear me,
Across the gulf of this divide,
We finally found our voices,
Tho' filled with pain we cannot hide.

I challenge you to feel me
With passion and loves caress,
I'm not a fetish or a kink
Will you turn out like the rest?

I challenge you to want me
Not on the outside looking in,
We are a part of humanity,
But to you that is our sin.

I challenge you to BE me,
To Walk that mile so to speak,
Except the courage it takes to be who you are
Cant be found in those that are weak.

See me. Hear me. Feel me. Want Me. Be me.

I. Challenge. You.
